Dearest Mom & all. Rec'd your  
card this a.m. but most  
disturbed you are back in  
bed with a cough & cold again.  
Just got over it before Christmas  
so you'll be able to start 1954  
out rite - + that goes for G. Wash  
too. Of course Alice can't catch a  
thing, "hopping around in her  
"green grasshopper" - unless it  
would be a million dollars a  
man(?) with it! Glad she rented  
her house O.K. Would you  
~~either~~ return the snapshots as  
they are the only ones we have.  
Want to let Coop's mother see  
them too but am in no hurry  
to send them to her! Coop is  
well supplied w/ slippers. I could  
use a pr. of the Sox type, but  
prefer you spend your money  
keeping yourself well. Still busy  
making my Christmas cards. Love Gae,  
Harold & Thelma
